Filed 10/20/2003  
D.C. Anderson

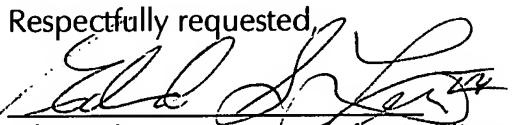

Attention Official Draftsman

It is requested that the drawings in the above application be amended by substituting the accompanying two sheets of drawings, illustrating on one sheet Figs. 9-11 and illustrating on the other sheet, Figs. 12 and 13.

The changes effects are: the addition of reference character 78 and a lead line therefor in Fig. 10; and the substitution of reference character 76' for reference character 99 in Fig. 13.

The need for these changes was identified by the Examiner in charge of this case and are further identified by copies of the same two sheets of drawings, with the changes circled in red (the Examiner provided applicant with his required changes, rather than his original copies showing the changes in red).

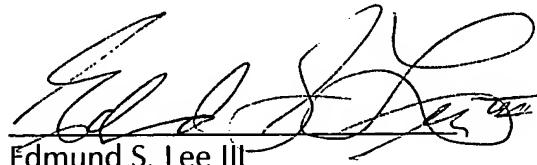

Respectfully requested,
